

Dear Secretariat,

Regarding Brazil's input on the MyPow mid-term review, please find below our suggestions.

2027- PLATFORM

Include a proposal of a **High Level Forum on Global Partnerships to achieve Food Security and Nutrition**

It would be a space of dialogue for representatives of initiatives such as the Global Alliance Against Hunger and Poverty; the G7; GAFSP; UNFSS Hub and others to join together in a dialogue to analyse the results of their initiatives.

See if this HLF could be funded with the ordinary budgetary resources from the CFS.

2027- Plenary

Global Thematic event on the debt crisis and the realization of the right to adequate food

Based on the recent report of the Special Rapporteur of the Right to Food, members and participants would have the opportunity to discuss how debt has been affecting the availability of resources to implement effective policies and programs to guarantee the right to food in the national context.

See if this GTE could be funded with the ordinary budgetary resources from the CFS.

I remain available for any further clarification necessary.

Best,

Lara
